Just Kick It – Women’s Football Program

Garden Suburb Football Club

As a family orientated club, Garden Suburb Football Club has an enthusiastic approach to expanding footballing options for females.

We invite you to participate in our “Just Kick It – Women’s Football Program” this summer.

With new & “retired” players in mind (but not limited to), you will have the opportunity to discover for the first time or rediscover the basics of football.

Our vision is to deliver a program that offers women a relaxed, fun, connected environment, where you can be yourself and challenge yourself free of judgement, all whilst doing some outdoor fitness with mates.

In addition to this pilot program, we are promoting our social 6 a side women’s competition, which will also run on the same night, emphasising a judgement free zone.

To be notified of the program details as they become available, register your interest by completing the details below and emailing it to:
